GOALS AND ASPIRATIONS

What gets me excited is Full Stack Web Development, connecting a stunning front end to a sophisticated/logical back end. My goal is to enhance and combine my computer science and design skills with a company that will allow me to contribute to their success and brand in a fast paced and collaborative environment.

TECHNICAL SKILLS

- Languages: Java, C#, C++, Python, Javascript, CSS, HTML, node.js
- Frameworks and Libraries: Express, Bootstrap, jQuery
- Version control: Git, SVN
- Game Engines: Unity
- Editors: Visual Studio code, Visual Studio, Sublime, Brackets

EDUCATION

B.S. Technology - University of Texas at Austin (8/2017 - present)
- Certificate: Computer Science, Elements of computing
- Level Design Team Project: Being the programmer of a team of 4, this role tested my skills in Unity using C# and version control using SVN
- 2019 Global Game Jam: Exposure to Git in a team of 5, created in C# and published a game on itch.io
- Web Design project: recreated a website with as much accuracy as possible in HTML + CSS

EXPERIENCE

UTeach Outreach - Arduino (C++) Intern (6/2019 - 7/2019)
- At UTeach, we teach middle schoolers of Austin the joys of programming (in C++) and circuitry through Arduino. The outcome was that each student learned to build and code their own animatronic.

Firstmark Credit Union - IT Intern (6/2018 - 7/2018)
- Worked with Networking team, Software programmers, System administration, and Cyber Security
- Learned to reimage computers for reuse using software developed by Firstmark devs that saved the bank thousands new computer systems
- Troubleshooting, computer techniques - command line, networking
- Exposure to a proprietary programming language specialized for banking (PowerOn) that interacts with their episys relational database and allows for data entry and transaction validation
- Computer/device permissions management with active directory management system

Firstmark Credit Union - IT Intern (6/2017 - 8/2017)

RECOGNITION AND INVOLVEMENT

- University Honors, full time with 3.8 GPA
- Hispanic Scholarship Fund Scholar (2017)
- Active member of Austin Algorithms and Austin Hispanic Hackers Meetup
